We would also like to ask for your patience during the times that the school is closed. These are the times that we use to deep clean the campus and perform repairs. The classrooms are individually deep cleaned and altered to fit the climate of the class community in addition to doing assessments. This is also a time for Professional Development, First Aid, CPR, and Bloodborne Pathogens training which are just a few of the annual group PD hours we have to be certified with in order to keep our students safe and staff in compliance. Please note that calendar dates are subject to change.

\*Calendar to be shared by the Guides.

Thank you for understanding.
